

WEB WIDGET

Fast, Easy Parking eCommerce
on any website.

The LAZ widget is a simple, small and powerful add-on that turns virtually any website or app into an online sales driver for your parking spaces.

**SIMPLE & SECURE,
RIGHT OUT OF THE BOX**

Easily turn any website into a powerful parking sales channel. Leverage LAZ Parking's proven and robust PCI compliant eCommerce engine to fill your spaces with happy, tech-enabled customers.

**CROWDSOURCE YOUR
CUSTOMERS**

Neutrally branded and customizable, any neighboring venue or business can easily add a LAZ widget to their website or app - and start driving their patrons to your parking spaces.

**GO LIVE IN
MINUTES**

Sell your parking spaces online fast. With just a tiny snippet of code, no setup costs and no long-term contract, you can sell daily parking all year round or set it up for just one event.

The LAZ web widget is the easiest way to let customers pay online and **start filling your parking spaces**. Fast, secure and direct - **no 3rd party required!**
